

IN-SERVICE TRAINING INSTRUCTIONAL SYSTEM

CORE COMPETENCIES

An officer should be able to exhibit the following relevant knowledge, skills, and attitudes with regard to the telecourse subject matter:

1. Recognize incident impact on agency, personnel, and community.
2. Identify the at-risk stakeholders.
3. Execute key policies and procedures.
4. Exercise effective communication techniques by sharing information, limiting access, and establishing access.
5. Organize framework by assigning tasks and establishing accountability.
6. Achieve collaboration among response community.
7. Identify recovery issues by establishing public messaging and relations plan.

INSTRUCTOR TRAINING

Trained Instructors are to be able to accomplish the following:

1. Use the POST video resources to create a comprehensive agency training plan.
2. Satisfy POST CPT requirements using the POST video assets.
3. Understand scope and requirements of the legislatively mandated training.
4. Utilize facilitation skills that ensure an environment conducive to learning.
5. Maintain training records and archive training resources.
6. Comply with POST certification requirements.
7. Create a team of trained supervisors to deliver POST-certified training.

TRAINING NEEDS

Commission-developed telecourses may be used to satisfy CPT requirements in the following topical areas:

1. Leadership, Ethics, and Professionalism
2. Training Skills
3. New Laws / Search and Seizure Update / Recent Court Decisions
4. Officer Survival Techniques
5. Emerging Concepts, Procedures, and Technologies
6. Discretionary Decision Making
7. Civil Liability-Causing Subjects
8. Legislative Mandates
9. Contemporary Law Enforcement Subjects (e.g., K-9, Animal Cruelty, etc.)
10. Community Outreach

DESIGN METHODOLOGY

A telecourse is defined as a video-based instructional program containing the following design elements:

1. A defined audience.
2. Content designed with input of subject matter experts.
3. Testimonials of experts, victims, officers, and practitioners that convey knowledge, experiences, and expert advice.
4. Engaging graphics that reinforce cognitive materials and key learning points.
5. A professional host as a guide to the course.
6. Video that meets or exceeds broadcast quality.
7. Dramatizations that demonstrate best practices.
8. Content in compliance with state, federal, and local law.
9. Situational awareness in critical areas.
10. Learning objectives.

PC 14304 Peace officer environmental enforcement training

DIGITAL ARCHIVE

All Telecourses, Line-Up training programs and associated training content source documents are converted to digital files for secure, managed storage and digital preservation. This provides a foundation for a digital record of all of CPTN's programs that is separate from the digital video masters of the programs on videotape or DVD. These digital records are accessible and searchable, allowing easy reference for production in civil, criminal and administrative proceedings concerning legal actions involving officers.
